

Location: Sacramento County, CA

Owner: Sacramento County

Sacramento County Intersection Signalization Projects

Representative intersection locations:

- Eastern Avenue & Berendo Drive
- Don Julio Boulevard & Poker Lane
- Elk Grove Boulevard & Tiogawoods Drive
- Hazel Avenue and Central Avenue
- Fire Station 111, Del Paso Boulevard
- Fire Station 129, Greenback Lane

KASL has completed over 30 traffic signal and intersection projects for Sacramento County.

Typically, the scope of this work has included:

- the preparation of traffic studies
- the evaluation of intersections for signal warrants
- topographic surveys
- right of way and utility mapping
- preparation of traffic signal phasing plans
- signal equipment schedules
- conduit and conductor schedules
- design of intersection improvements

The design of intersection improvements included the site/civil engineering design for pavement widening, median islands, curbs, gutters, sidewalks and landscape frontage improvements, Americans with Disability Act (ADA) compliant paths of travel and curb ramps, drainage improvements, striping and marking plans.
